EDUCATION

SAVITARIBAI PHULE UNIVERSITY, PUNE

Master Of Computer Application

Oct 2023-2025

CGPA-7.90/10

Bachelor Of Computer Application

Oct 2020-2023

CGPA-8.89/10

PROFILE

A dedicated and highly motivated MCA graduate with solid understanding of python programming and cloud technologies, particularly AWS. Looking to contribute to a dynamic organization by technical knowledge and problem-solving skills.

PROJECTS

1. Cloud-based File Storage System Using AWS Duration: 4 Months

- Developed a cloud-based file storage application using AWS S3 for storage
- Implemented authentication and authorization using AWS IAM
- Deployed and manage the application using EC2 instances
- Integrated python with AWS SDK (Boto3) to automate file uploads and retrieval

2. Streaming website Duration: 4 Months

- Designed and developed a **video streaming website** that allows users to browse, stream, and Manage multimedia content.
- Implemented **user authentication and role-based access control** for secure content delivery.
- Utilized **HTML, CSS** and backend technologies such as **Python (Flask/Django) or PHP** to build dynamic streaming features.

3. AWS Lambda Functions For Automated Backup Duration: 2 Months

- Built AWS Lambda functions to automate the backup of EC2 instance and S3 bucket.
- Schedule the backups using AWS cloud watch and monitored logs via cloud watch logs.

TECHNICAL SKILLS

Programming Languages: Python, C++, Java

Web Technologies: HTML, CSS

Cloud Platform: AWS (EC2, S3, Lambda, RDS, IAM)

Database Management: MySQL

Version Control: Git, GitHub

Operating System: Windows, Linux

SOFT SKILLS

- Problem- solving Quicker learner Team player
- Strong analytical and communication skills
