WORK EXPERIENCE

- **Creatif Technologies Pvt Ltd | Navi Mumbai** **May 2023 – Dec 2024**
Junior Software Developer
 - ❖ Developed the .NET based web apps using MVC, Angular and Oracle DB to enhance enterprise operations.
 - ❖ Led a legacy system migration, improving performance by 15% and increasing maintainability by 80%.
 - ❖ Collaborated with backend developers, reducing the data retrieval.
 - ❖ Worked in Agile teams using Azure DevOps for Continuous integration and delivery.
- **Twig Software Solutions Pvt Ltd | Pune** **Jan 2022 – May 2023**
Trainee Software Developer
 - ❖ Built .NET MVC based applications and participated in UI/UX enhancements using Angular and Bootstrap.
 - ❖ Improved application stability by 25% and reduced bugs by 30% through proactive testing and code reviews.
 - ❖ Collaborated with team members to implement responsive designs, ensuring seamless user experiences across multiple devices.

PROJECTS

- **GlassERP Complete Solution | Creatif Technologies Pvt Ltd** **May 2023 – Dec 2024**
 - ❖ Developed a comprehensive ERP web application for the glass manufacturing industry, facilitating end-to-end business process management.
 - **Technologies Used:** ASP .Net, MVC, C#, Angular, TypeScript, Kendo UI, Bootstrap, Oracle DB
 - **Responsibilities:** Designed and implemented robust and scalable web interfaces using HTML, CSS, and Bootstrap. Enhanced user interactions with dynamic features using JavaScript, jQuery, and Kendo UI. Developed and maintained server-side logic and business rules using ASP.Net and C#. Ensured efficient data handling and storage with Oracle database integration.
 - **Achievements:** Streamlined business processes, resulting in improved operational efficiency and data accuracy. Delivered a user-friendly, responsive, and high-performance web application. Collaborated with cross-functional teams to ensure successful project delivery and user satisfaction.

➤ **CS Connect | Creatif Technologies Pvt Ltd**

Aug 2024 – Nov 2024

- ❖ CS Connect is an independent MVC (Model-View-Controller) project designed to streamline the management of purchase orders (PO) through various stages.
 - **Technologies Used:** C# with MVC framework, Angular, TypeScript, Bootstrap, Oracle DB, HTML, CSS.
 - **Responsibilities:** This project effectively tracks the status of purchase orders, from acceptance to shipment and packing, ensuring an organized and smooth supply chain process. The backend handles the data management, while the frontend provides a user-friendly interface for interacting with the system.
 - **Achievements:** Streamlined business processes, resulting in improved operational efficiency and data accuracy. Delivered a user-friendly, responsive, and high-performance web application

➤ **AgrEco (Intelligent Agri Ecosystem Platform) | Twig Software Solutions Pvt Ltd**

Aug 2022 – May 2023

- ❖ AgrEco is an end-to-end, highly intuitive and easy-to use digital platform that helps each of the key stakeholders of Agri Ecosystem like Farmers, FPOs, Suppliers, Buyers and Partners to collaborate and do business transactions with the help of first-hand data, information and advisory.
 - **Technologies Used:** C# with MVC framework, Angular, TypeScript, Bootstrap, MS SQL DB, HTML, CSS.
 - **Responsibilities:** A data-based platform that provides customized insights to Agri ecosystem stakeholders for making informed decisions.
 - **Achievements:** A platform that equips and enables Producer Organizations (FPOs) to be successful business organizations.

➤ **Ret Algo (Retail through Algorithm) | Twig Software Solutions Pvt Ltd**

Jan 2022 – Aug 2022

- ❖ Ret Algo is an all-in-one management system that enables you to manage expenses, purchases, sales, payments, accounting, and many more.
 - **Technologies Used:** C# with MVC framework, Angular, TypeScript, Bootstrap, MS SQL DB, HTML, CSS.
 - **Responsibilities:** Ret Algo to be precise, 'Retail through Algorithm' is an app that provides end-to-end solutions for Retail Business Owners to manage their enterprise effectively through cutting edge Business Data Analytics and Predictive Insights.
 - **Achievements:** We believe that Ret Algo is the all-in-one solution for both wholesale and retail business models and ideal software for any small business or a large company.

EDUCATION

- **Bachelor of Vocation in Software Development (B.Voc SD)**
RTMNU Nagpur University

August 2016 – August 2019
