PROJECTS

Happy Pet Care CDAC Project | Jan 2023 – Feb 2023

Technologies: React.js, Spring Boot, MySQL

- Developed a full-stack Pet Care E-commerce and Vet-Appointment system enabling users to purchase pet-related products and book veterinary appointments online.
- Designed responsive UI using React.js for seamless user experience across devices.
- Implemented backend REST APIs with Spring Boot for order management, appointment scheduling, and user authentication.
- Integrated MySQL database for efficient storage and retrieval of product, user, and appointment data.
- Enabled order tracking and delivery status updates, enhancing overall customer satisfaction.
