PROFESSIONAL EXPERIENCE

.NET Developer

Dynage Tech Pvt. Ltd. | June 2023 - June 2025

Responsibilities :

- Designed, developed, and maintained web applications using .NET Core (C#), ensuring modular and maintainable code.
- Built responsive user interfaces using HTML5, CSS3, and JavaScript, enhancing usability and performance.
- Performed manual testing of modules and validated APIs using Postman.
- Wrote and executed SQL queries for data retrieval and manipulation in SQL Server.
- Worked with JSON for data handling between APIs and front-end integration.
- Utilized Visual Studio 2022 for development, debugging, and efficient code navigation.
- Created and maintained technical documentation, including flowcharts and user manuals.
- Tracked tasks, bugs, and progress using Jira.
- Used Git for version control and team collaboration.

PROJECTS

Digi Body Trainer Module

- Developed a fitness trainer management module allowing trainers to assign digital workout plans to clients.
- Enabled user progress tracking with dynamic goal updates and daily activity logs.

Gym Management System

- Developed a web-based platform to manage gym memberships, trainer schedules, and member attendance.
- Implemented modules for user registration, subscription plans, and payment tracking.

Co-Operative Bank System

- Built a banking application for managing customer accounts, loans, and fixed deposits.
- Implemented features like new account creation, balance inquiry,
