OBJECTIVE

I am a passionate and dedicated full-stack developer with a strong foundation in Python, Java, PHP, SQL, C, C++, HTML, CSS, and JavaScript. I specialize in building responsive web applications, integrating APIs, and developing user-centric solutions using WordPress and modern frameworks. My expertise extends to AI technologies and automation using ChatGPT, OpenAI, and Crew AI. I also bring creative UI/UX skills with hands-on experience in Figma and Adobe Express. I am focused on delivering scalable, secure, and innovative digital solutions while staying updated with the latest trends in web development, software engineering, and AI.
