## About Me

---

A passionate computer engineering graduate with a strong background in building easy-to-use systems and delivering creative advancements. Eager to leverage my expertise to make meaningful contributions and support organizational success.

## Education

---

### St. Vincent Pallotti College Of Engineering and Technology

2024

Bachelor of Technology in Computer Engineering (78%)

Nagpur, India

### Anand Niketan College

2020

12th (73.54%)

Warora, India

### Hiralal Loya Vidyalaya

2018

10th (89.20%)

Warora, India

## Experience

---

### LocationGuru | Internship

Feb 2025 – Present

Back-End Development Intern

Nagpur, India

- Gaining hands-on experience in designing, developing, and optimizing backend systems.
- Working on backend development using Java, Spring Boot, and Hibernate to build and maintain RESTful APIs and support dynamic application logic.
- Collaborating with cross-functional teams to improve system performance and scalability.

### Next24tech | Internship

Feb 2024 – Apr 2024

Front-End Development Intern

Nagpur, India

- Gained hands-on experience in designing, coding, testing, and debugging websites.
- Developed software solutions using HTML, CSS, JavaScript and Bootstrap.
- Collaborated with cross-functional teams to enhance website performance and user experience.

## Projects

---

### MovieHub Backend APIs | Java, Spring Boot, Hibernate, PostgreSQL |

- Developed RESTful backend APIs for managing movies, user authentication, and reviews.
- Implemented Hibernate-PostgreSQL integration for efficient data persistence and retrieval.
- Designed and optimized API endpoints for scalability, security, and maintainability.

### SmartQuiz Backend APIs | Java, Spring Boot, Hibernate, PostgreSQL |

- Developed a RESTful Quiz Application backend using Spring Boot, Hibernate ORM, and PostgreSQL database.
- Implemented key features such as quiz creation, question management, user participation, and score calculation.
- Ensured data consistency and security by applying validation, exception handling, and role-based access controls.

## Skills

---

### Technical Skills

- **Programming Languages:** Java
- **Database:** SQL
- **Frontend:** HTML, CSS, Bootstrap
- **Frameworks:** Spring Boot, Hibernate
- **Tools:** Git, GitHub, Postman, Maven

### Soft Skills

- Effective Technical Communication
- Cross-Functional Team Coordination
- Analytical Problem-Solving
- Adaptability and Resilience
- Prioritization and Deadline Management

## Certifications

---

- **C Training** (IIT Bombay)
- **Java Programming** (Udemy)
