EXPERIENCE

Jul 2025 -

Software Developer Trainee

SFA Technologies pvt limited Bhopal, Madhya Pradesh

* Gained hands-on experience in full-stack development, actively involved in developing and maintaining software applications using C#/.NET for the backend and React.js/tsx for the frontend.

*Built and maintained complex, type-safe user interfaces (UIs) using React.js and TSX, leading to improved code quality and reduced runtime errors in the frontend application.

* Developed backend applications using C#, .NET Framework, and ASP.NET Web API.

* Worked extensively with Microsoft SQL Server for database design, query optimization, and integration.

* Collaborated effectively with the team using GitHub for version control and project management.

PROJECTS

Medical Store Management System

Duration:1 month

Medical Store Management System Role: Full-Stack Developer | **Tech Stack:** React.tsx, C#, ASP.NET Web API, MS SQL Server

Inventory Management: Developed a system to manage medicine categories and track pricing, taxes, and stock levels using **React.tsx** for the frontend.

Automated Stock Sync: Built **C#** backend logic to automatically deduct stock quantities (e.g., 50 to 45) upon successful sales.

Sales Reporting: Created APIs to generate daily/monthly reports and itemized digital receipts with discounts and grand totals.

Low Stock Alerts: Implemented a proactive monitoring feature to identify medicines with stock quantities less than 10 for timely reordering.
