Professional Experience

Associate Software Engineer, MRR Soft Pvt Ltd.

07/2023 – Present | Nagpur, India

Role: .NET Backend Developer (C#, ASP.Net Core, SQL Server)

Project : Client Integration with INFOR APIs:

- Collaborated on a client-based project focused on developing and integrating RESTful APIs using INFOR tools.
- Designed and implemented functionalities related to orders, users, and inventory, enabling seamless data exchange between the application and INFOR through API endpoints.
- Ensured efficient data flow by posting data to INFOR and retrieving it as required, supporting real-time updates and synchronization across systems.
- Worked closely with clients and internal stakeholders to gather requirements and deliver robust, scalable, and performance-optimized solutions that met business needs.
- Actively contributed to the overall development lifecycle, emphasizing code quality, maintainability, and adherence to project timelines.

Project : Data Exchange Tool (C#, ASP.Net Core, SQL Server)

- Contributed to the development of an internal enterprise tool designed to allow customers to **import/export data between source and destination systems** without writing code, using **C#, ASP.Net Core, and SQL Server**.
- Built a **configurable connector engine**, where users could define data flow using configuration settings, reducing development time and enabling a low-code/no-code environment.
- Designed and implemented the **database architecture** using **SSMS (SQL Server Management Studio)** to ensure data integrity, scalability, and optimized query performance.
- The project significantly enhanced the company's internal automation capabilities, reduced manual integration efforts, and improved data operations efficiency.

Skills

Backend: C#, ASP.Net Core, ASP.Net MVC, Web API, REST APIs

Frontend: HTML, CSS, JavaScript, TypeScript

Databases: SQL Server

Tools: Postman, GitHub, Git, Visual Studio, SSMS.

Soft Skills: Problem Solving | Team Collaboration | Communication | Time Management

Education

B.Tech : Computer Science and Engineering,

S. B. Jain Institute of Technology, Nagpur

CGPA - 8.4/10

2019 – 2023 | Nagpur, India

Projects

Conversational API UI, Reactjs, Python

06/2025 – 07/2025

- Developed a chatbot-style web interface that interacts with backend APIs to retrieve and display only relevant information in a conversational format.

Achievement

- Quarterly Award (September 2025)
- Annual Award (Rockstar Rookie 2024 Award).

Awarded “Rockstar Rookie 2024” in recognition of commitment, dedication, and excellence at work.
